MOBILE LABORATORY SPECIALIZED TECHNICAL SERVICE

The Instrument Calibration service is offered to our clients through the Mobile Laboratory and on site specialists staff.

In order to reduce transportation and logistics times, optimizing costs and improving service efficiency.

INSTRUMENTATION

- PRESSURE
- DIFFERENTIAL PRESSURE FLOWMETERS
- LEVEL
- TEMPERATURE
- PH
- PRESSURE GAUGE
- VACUUM METER
- PRESSURE SWITCH
- PNEUMATIC & ELECTRONICS INSTRUMENTS

RTS COMMISSIONING SA

We promote health and teamwork spirit.

Safety and environmental management is a fundamental pillar of our global company philosophy.

We have adequate procedures for each type of equipment, with national & international patterns & standards, offering excellence in Service. For pressure checks we have direct National Institute of Industrial technology (INTI) patterns certifications.

RTS
Commissioning S.A.

INSTRUMENTS CALIBRATION AND CERTIFICATION, ON-SITE CONTROL

SERVICES

Client customized solutions. We develop predictive and preventive plans to avoid unforeseen events and production losses.
Breakdown reduction. Increased availability and assets life extension.
Reducing accidents and increasing safety.
Instruments reliability and cost reduction.

MAINTENANCE

CALIBRATION

Different magnitudes are measured daily in your company, electrical, pressure, temperature, etc. These measurements reliability depends on processes performance and mainly on safety.

CERTIFICATION

Our calibrations are performed with certified instrumentation with verifiable traceability. For pressure tests we have certificates issued by National Institute of Industrial technology (INTI).

SUSTAINABILITY

Our company has environmental policies. Waste generation, recycling and final disposal are important aspect in project planning.
