MOBILE LABORATORY SPECIALIZED TECHNICAL SERVICE

CONFIGURATION, ADJUSTMENT, AND CERTIFICATION OF INDUSTRIAL INSTRUMENTS & ON-SITE CONTROL

We offer our clients an Instrument Calibration service through our Mobile Laboratory and a team of on-site specialists, operating under the IRAM-ISO/IEC 17025:2017 standard. This approach helps reduce transportation and logistics time, optimize costs, and enhance service efficiency.

INSTRUMENTATION

- PRESSURE
- DIFFERENTIAL PRESSURE
- FLOWMETERS
- LEVEL
- TEMPERATURE
- PRESSURE GAUGE
- VACUUM METER
- PRESSURE SWITCH
- NEUMATIC & ELECTRONICS
- PSV CALIBRATION AND TESTING

RTS COMMISSIONING SA

RTS promotes health and teamwork. Safety and environmental management are integral components of our global corporate philosophy, where service quality is at the core of every aspect of our business.

We have procedures tailored to each piece of equipment, with national or international traceable standards, ensuring high-quality service.

Our company follows environmental policies. In project planning, we consider factors such as waste generation, recycling, and final disposal.

Our reference instruments come from recognized brands, verified by certified companies in accordance with current regulations and/or specific client requirements. These instruments have valid documentation with verifiable traceability.
