MOBILE LABORATORY SPECIALIZED TECHNICAL SERVICE

INSTRUMENTS CALIBRATION AND CERTIFICATION, ON-SITE CONTROL

The Instrument Calibration service is offered to our clients through the Mobile Laboratory and on site specialists staff. In order to reduce transportation and logistics times, optimizing costs and improving service efficiency.

INSTRUMENTATION

- PRESSURE
- DIFFERENTIAL PRESSURE
- FLOWMETERS
- LEVEL
- TEMPERATURE
- PRESSURE GAUGE
- VACUUM METER
- PRESSURE SWITCH
- NEUMATIC & ELECTRONICS
- PSV CALIBRATION AND TESTING

SG-GC-BR-002.2

MOBILE LABORATORY SPECIALIZED TECHNICAL SERVICE

Custom solutions for each client. We provide trained professionals.

Our service conforms to the policies and processes of each company.

We develop predictive and preventive plans to avoid unforeseen events and production losses.

Reduction of breakdowns.

Extension of the useful life of assets. Increase in asset availability.

Reduction of accidents and increase in safety.

Reliability of your instruments. Reduction of expenses.

National scope.

FLUKE	1587	Insulation Multimeter
FLUKE	1630	E. G. Resistance Clamp Meter
FLUKE	114	Digital Multimeter
FLUKE	373	Clamp Meter
FLUKE	1735	Power Logger
FLUKE	80-PK-22	Immersion Temperature Probe
FLUKE	1550C	Insulation Resistance Tester
FISHER	CFR 67	Pressure Regulator
SONEL	MRU-120	E. R. & Soil Resistivity Meter
BROTHER	E300	Printer
DMQ	NOD.Q2F	Thickness Gauges
DMQ	MOD.QS25	Thickness Gauges
FLUKE	754	Calibrator-HART
FLUKE	750P08	Pressure Modules
FLUKE	750PD7	Pressure Modules
FLUKE	750P30	Pressure Modules
FLUKE	PTP1	Pneumatic Test Pump
FLUKE	700HTP2	Hydraulic Test Pump.

RTS COMMISSIONING SA

RTS promotes health and teamwork. Safety and environmental management are integral components of our global company philosophy, where service quality is at the core of all aspects of our business.

We have procedures tailored to each piece of equipment, with standards traceable nationally or internationally, offering a quality service.

Our company has environmental policies.

In the planning of every project, these aspects are taken into account: waste generation, recycling, and final disposal.

Our calibrations are performed with certified instrumentation with verifiable traceability. For pressure testing, we have certificates issued by INTI (National Institute of Industrial Technology).
